Plant Genome Saviour Community Award, Farmers’ Reward & Recognition 2013

The progress regarding the Plant Genome Saviour Community Award, Farmers’ Reward & Recognition 2013.

Annual Report of the Authority for the Year 2013-14

The Draft Annual Report for the year 2013-14 was adopted by the Authority.

Proposal for adoption of Annual Accounts of the Authority for the year 2013-14

The Annual Accounts of the Authority for the year 2013-14 as contained in the agenda item were discussed in detail. Member Secretary informed that the Annual Accounts duly approved by the Chairperson were sent to C&AG on 30th June 2014 for conducting the audit. The accounts of the Authority were audited by the team deputed by C&AG w.e.f. 12.8.2014 to 22.8.2014. Para-wise replies of Draft Separate Audit Report received on 8.9.2014 were sent on 22.9.2014. The matter was discussed with concerned officers in C&AG and it was informed that final audit report was ready but due to unavoidable circumstances the same could not be got signed from competent authority and issued. The report is likely to be received early in the next week.

After discussion on various points, the Annual Accounts were adopted by the Authority. Since audit report is awaited, it
was decided that a copy of audit report along with para-wise management replies be circulated to all the Authority members for their approval. It was also decided that printed copies of audited Annual Accounts for the year 2013-14 both in Hindi and English version be sent to Ministry for placing the same before Parliament in the ensuing winter session.

Following four crop species guidelines were approved by the Authority.

The Authority went through the various aspects of the representation dated 30.9.2014 of Dr. Tejbir Singh, Registrar addressed to the Chairperson, PPV&FRA against adverse remark and grading in his Annual Performance Assessment Report (APAR) for the year 2013-14 vis-à-vis APAR of the Officer for the year 2013-14. The Authority also listened to and perused very carefully the views of the Reporting Officer/Reviewing Officer in the matter adduced in the Note submitted before the Authority along with supporting document/(s). After taking into consideration the entire gamut of the issues involved in the case it emerges that there is no sufficient ground for expunction of the adverse entry and improvement in the grading and hence the Authority decided to reject the representation of Dr. Tejbir Singh, Registrar for expunction of the adverse entry and awarding him better grading or improving the grading with a direction that the decision so arrived at may be conveyed to the petitioner (Dr. Tejbir Singh).

- Authority should also focus on the crop species where applications for registration are yet to be filed
- Nodal persons may be identified in various zones or states

Minutes of the 21\(^{\text{th}}\) Authority Meeting (31\(^{\text{th}}\) October 2014)
who can co-ordinate on behalf of Authority about farmers’ Rights, registration of farmers varieties, awareness about the awards/rewards and other activities of the Authority

- To enrich the Gene Fund, donations from various stakeholders like seed industry, national and international organizations. The Authority should make concerted efforts for the tax exemption for donations to Gene Fund. Private Seed Companies can also be requested for donations under Corporate Social Responsibility (CSR) as works under CSR cannot be counted as business expenditure but certain social welfare spending activities could be considered for tax benefits.

- As proposed by representatives of the global plant breeding sector for an international system of cooperation in processing of applications for plant breeders’ rights for filing and processing and not granting plant breeders’ rights, the PPV&FR Authority may also brainstorm for adoption of such proposal so that the process for receiving, processing and examining PBR applications creates a single, broad, common test-bed for evaluation of new ideas and implementation of improvements without the need to coordinate across many individual systems operating in parallel.

- The facilitators from NARS and NGOs may be suitably rewarded (with recognition certificate, citation and cash of Rs. 10,000) for facilitating filing at least 100 applications at a time in different crops and for staff of Authority for more than 500 applications at a time. This is to encourage the facilitators for their efforts and also to motivate others to come forward for such activities.

- Authority may undertake a separate activity to study the impact of the awareness programs and other measures to further take up awareness about the PPVFR Act to the related stakeholders. Authority may also take up studies to study the impact of the PPVFR Act.

- A visit may be planned by the Authority for some of its Members to see the India’s Seed Hubs like Hyderabad, Aurangabad etc. so that they can interact with the Seed Industry about their views on PPVFR Act.

The meeting ended with vote of thanks to the Chair
